THE OCCUPATION OF MINDANAO
United States troops are to occupy Zamboanga, the large city situated in the south.

western end of Mindanao, in the province of Zamboanga. Several posts are to be established on the Islands of Tati Tatu, Celele and Bungo. The inhabitants of the northern islands are extremely friendly towards the Americans, especially the Bagobos, who show great respect for the U.S. flag and its representatives. When Tati Bagobos wanted to attack the Tagalogs

ESCAPE OF SPANISH PRISONERS.
Lieutenant Antonio Fuertes and Private Enriquez Gimenez, both members of the 12th Infantry Regiment of the Spanish Army, reported to the Provost Marshal General this morning (Sept. 2).
On the 18th of August they escaped from

They slipped past the insurgent sentries last night, and, after twelve days' journey, reached the American lines.

They report the insurgent army to be in excellent condition, most of the men being armed with Mauser rifles. The insurgents have secured their own ammunition, and seem to have plenty of it. At Tayabá there are 2000 Spanish prisoners, of which a good majority are officers.

COST OF LIVING IN MANILA

Looking over the files of Spanish newspaper for some two years past, and comparing the cost of articles needed by householders, with those of articles at present, it appears an augmentation of no less than 25 per cent. in the cost of necessities of life, and jewels over those prevailing in the time gone by. What with a tax on salaries, and a tax on amusements, and a tax on articles, and up an tariff, and so on, the cost of living in Manila to-day exceeds that of any part of the world.

It was the custom in Spanish towns, during the collection of taxes, the highest bidder. The auction was continued under the Americans, as a temporary measure until something better could be devised. It was found that the best way was to attend to the collection of taxes in the public slaughter-house at Ponce, and have the proprietor do so. However, Gen. O'Connell has deemed it wiser to continue temporarily in the old way, until some sweeping change can be effected and every department put upon a new basis.

INSULTING THE BRITISH CONSUL

A naval court was held on the 30th August at the British Consulate on the Currier, captain of the British steamship "Hepburn," for using insolent and insulting language towards the Consul-General.

Verily the worthy captain seems to have loosed the bridle from his tongue, for he made use of language that was picturesque and not nautical, to say the least. The century's purpose of the senior listless commander, commanding the *S. B. Benedict*, the co-commander of *H. M. S. Porpoise* and the captain of the British-steamship *Tufts*. The charge of using inelegant and inebriating language was proved.

It was fortunate for the captain that the offence did not come under the Merchant-Shipping Act, otherwise his master's career might have suffered, instead of his one being reprimanded. Should it be the pleasure of the Consul, on the strength of his

the findings of the naval court, he could give the obstreperous master a dose of ten or fifteen days himself.

The Prevention of Dysentery.

It was announced some time ago (see the *Japan Mail*) that Dr Kitasato had discovered the bacillus of dysentery, and that by means of inoculation he had cured a number of cases. The intelligence is now confirmed.

Dr. J. COLLIS BROWNE'S CHLORODYNE—Dr. J. COLLIS BROWNE (late Army Medical Staff) DISCOVERED A REMEDY, to denote which he coined the word CHLORODYNE. Dr. Browne is the SOLE INVENTOR, and as the composition of Chlorodyne cannot possibly be discovered by Analysis (organic substances defying elimination), and since the formula has never been published, it is evident that any statement to the effect that a compound is identical with Dr. Browne's Chlorodyne must be false. This caution is necessary, as many persons have been deceived by false representations.

Dr. J. COLLIS BROWNE'S CHLORODYNE—A Vice-Chancellor Sir W. PAGE WOOD stated in Court that Dr. J. COLLIS BROWNE was not only the INVENTOR of CHLORODYNE, but the whole story of the defendant's case was deliberately untrue, and he regretted to say it had been sworn to.—See The Times, July 18, 1891.

Dr. J. COLLIS BROWNE'S CHLORODYNE is the TRUE PALLIATIVE in RHEUMATISM, GOUT, CANCER, TOOTHACHE, RHEUMATISM.

IS THE GREAT SPECIFIC FOR
DIARRHŒA,

GENERAL BOARD OF HEALTH, London, REPORT that it ACTS as a CHARM, one dose generally being sufficient.

Dr. GIBBON, Army Medical Staff, Calcutta, states: "Two doses COMPLETELY CURED ME OF DIARRHŒA."

Dr. J. COLLIS BROWNE'S CHLORODYNE is a liquid medicine which assures PAIN OF EVERY KIND, without a calm, refreshing sleep, WITHOUT HEADACHE, and invigorates the nervous system when exhausted.

Dr. J. COLLIS BROWNE'S CHLORODYNE Rapidly cuts short all attacks of
